

## Homework Saplings Class Wednesday 17th January 2018

### **Maths**

This week we have been very busy with numbers! We have been ordering random numbers to 100, saying the number that is 1 more and less and 10 more and less. We have also been partitioning numbers (saying how many ten and ones they are made from). When you are out and about and spot a number, can you say the number 1 and 10 more and less? Can you partition the number? Keep a lookout on Purple Mash for Maths challenges that I have set you.

### **English**

In English this week we have been writing statements, commands, exclamation and questions. We have also been using words with suffixes (that means that they end in -ment, -ness, -ful, -less, -ly). Can you write these words in statements, commands, exclamation and questions? You know that you will get Team Points for any homework that you bring in.

### **Reading**

Keep exploring books for you Reading Passport. Don't forget, Reading Pro and Purple Mash may have some different books that could count towards your passport challenges.

Many thanks

Mrs Swansborough and Miss Ellis
