

Homework Saplings Class
Wednesday 31st January 2018

Maths

This week we have been subtracting numbers to find the difference. We have used bar models, number lines and 100 squares to help us. We have also been solving real life subtraction word problems. Can you write your own subtraction word problems? There are lots of ways to practise subtraction on Purple Mash. When you have completed an activity on Purple Mash you can send me a message. I will always reply!

English

In English this week we have again been reading and writing poetry about dragons. Can you compose your own poem? It can be about anything that you like.

Reading

There is just one week to complete your Reading Passport. We're looking forward to seeing you perform your chosen poem to the class if you haven't done so already.

Many thanks

Mrs Swansborough and Miss Ellis
