

Homework Saplings Class
Wednesday 28th March 2018

Maths

This week we have continued to share a number of objects into sets of 2 (halves), 3 (thirds) and 4 (quarters). Can you set your own sharing challenges over the holiday? Will you share any of your Easter eggs? Easter eggs usually are split into halves. Can you count how many halves of eggs you eat altogether?

English

In English this week we have been practising performing poetry, changing our voices for different characters and exclamations. We love hearing you perform your poems and there will be another chance to do so for next term's Reading Passport. But if you can't wait until then, you will earn extra team points for any other poems that you want to perform to the class.

Have a lovely Easter, enjoy your time away from school. Hopefully there will be lots of warm sunshine so that you can get outside and have some fun. If you do get stuck inside, there's always lots to do on Purple Mash. Our topic next term is Toys. Maybe you would like to research that.

Many thanks

Mrs Swansborough and Miss Ellis
