

Homework Saplings Class
Wednesday 25th April 2018

Maths

This week we have been estimating the answers calculations to see if the answer that we then calculate is reasonable. We have been adding using manipulatives, drawing pictures and partitioning. Look on Purple Mash for the addition 2dos that I have set for you.

English

In English this week we have been asking and answering questions. Write a list of questions that you would like to find out about toys. Can you use non-fiction books or the internet to find the answers?

Reading

Well done to those of you who have already completed some challenges on your Reading Passport. Keep it up!

Many thanks

Mrs Swansborough and Miss Ellis
